

It's not dental insurance — it's what dental insurance should be.

Sometimes it seems like no matter how hard you try, your employees end up paying more for less each year. This year, offer them a better option.

How does it work?

1Dental discount plans are membership clubs with exclusive savings. For a low monthly rate, members save big on every dental visit.

Why Fortune 500 companies and small businesses alike are offering 1Dental plans:

- ✓ Typically 50% less expensive than insurance
- ✓ Use as often as you need
- ✓ No deductibles
- ✓ All savings available immediately

Low, Affordable Annual Rates

Me \$89	
Me + 1 \$139	
Unlimited \$169	

Flexible Payment Options:

- Employer-Paid (special pricing available!)
- Payroll Deduction (full-time employees only)
- Direct Pay (part-time, contractors, retirees)

Give your team another reason to smile

Dental is the most desired benefit after health insurance.

1Dental is the smarter, simpler way to provide it.

Most popular	✓
Strongest savings for general care	✓
Larger network of dentists	✓
Time frame for using the plan	
7-10 business days	Immediately

Nationwide Networks of Dentists

Great Dentists

Not just any dentist can join these networks. The Dental Access network is backed by Aetna, one of the largest healthcare companies in the nation, and Careington uses a thorough 7-step dentist approval process.

The dentist approval process includes:

1. Background check
2. 5-year work history evaluation
3. Verification of a current state license that is in good standing
4. An NPDB (National Practitioner Data Bank) report, which will tell us if a provider has any malpractice claims history or state licensure actions
5. A current DEA or CDS (This allows the dentist to write prescriptions)
6. Current malpractice insurance
7. Inquiry for Medicare/Medicaid fraud or opting out of Medicare

FAQs

How does my group qualify?

You can start a group with as few as 3 employees (even fewer with approval).

What if we already have dental insurance?

1Dental is a less expensive option for those who opted out. In addition, those with insurance can use 1Dental once they've reached their maximums or to save on work their insurance doesn't cover (like cosmetic work and adult braces).

Is there an enrollment period?

No need to wait for open enrollment! This plan can be offered year-round.

How hard is it to set up?

It's easy! You can set up a group and start enrollment in 10 minutes.

Hear from 1Dental Members

“Because of the high cost of dental work, I was unable to get the dental work done that I required.... I have had this for the past several years and have enjoyed as much as 70% savings on the procedures I have needed. I will be a member for life!”

- Kathy, 1Dental member

“After all my appointments were finished, I realized that instead of paying nearly \$8,000 for dental work, I paid \$4,300. I was also very happy with the provider—he had over 20 years experience and knew right away what needed to be done.”

- Sheri, 1Dental member
